

# A PERFECT GO-TO CARD SKETCH

It's as simple as image and sentiment. Viola!

## TIPS

Stamp images that are at least 3 cm high will work best as your repeated focal image.

Stamp directly onto your card base.

Use different stamping techniques, such as 2<sup>nd</sup> generation stamping or rock n' roll stamping to add interest.

Add embellishments for a striking finishing touch.

# A PERFECT GO-TO CARD SKETCH

Here's how to take this card sketch from simple to WOW!

## TIPS

Use a background behind the focal image.

The focal image used here has been stamped, punched out and raised with foam adhesive.

Coloured card stock layers add further interest.

Twine and embellishments complete the card.

## TIPS

Use this card sketch with a fun card fold – this one is an accordion card fold.

Stamp the sentiment onto scrap card and fussy cut out 'Happy'.

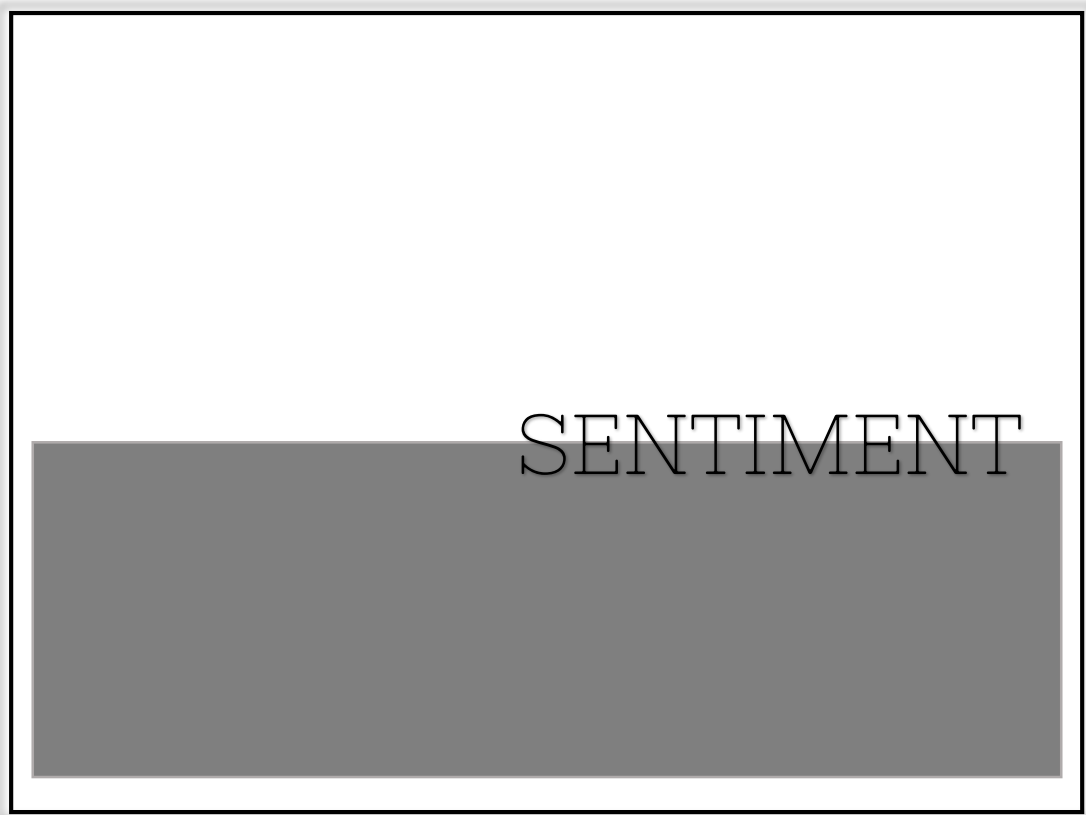

Raise with foam adhesive on the front of the card.

The full sentiment 'Happy Birthday' is stamped inside the card.
